

Position: Field Technician
Project Location: Pittsburgh
Status: Full-time
Compensation: Based on experience

Sci-Tek Consultants, Inc., a civil, environmental, and geotechnical engineering and surveying firm is seeking a Field Technician to support assigned projects including geotechnical, and environmental subsurface investigations. The successful candidate will perform subsurface investigations, collect and log test boring samples, collect soil and groundwater samples, assist with report preparation; maintain complete and accurate field and office documentation, and other duties as requested.

Required Skills/Experience

- Bachelor's Degree
- 5 years' work experience in subsurface investigations and analysis
- Good written and verbal communication skills
- Proficiency in using Microsoft Office applications
- Borehole logging experience preferred
- Penn DOT drilling certification desired, but not required

Sci-Tek offers competitive compensation including health benefits and 401K Profit Sharing Plan, and is an equal opportunity employer that seeks to be a premier provider of innovative, value-added solutions to its clients' many challenges through the application of civil, geotechnical, and environmental engineering and surveying.
