

Position: Construction Inspector

Project Location: Pittsburgh, PA

Status: Full-time

Compensation: Based on experience

Sci-Tek Consultants, Inc., a civil, survey, environmental, and geotechnical engineering and consulting firm is seeking a Construction Inspector to observe and monitor site construction activities. Additional responsibilities include preparing daily reports of construction activities, calculating quantities for contractor payment applications and ensuring work is completed per specifications. The Construction Inspector will have extensive interaction with construction managers and contractors.

ESSENTIAL FUNCTIONS / SKILLS:

1. Perform inspection of street paving and concrete restoration work related to water and sewer utility projects.
2. Monitor construction activities, preparing daily report of construction activities, calculating quantities for payment, and the field liaison between the construction contractors and office personnel.

MINIMUM QUALIFICATIONS/REQUIREMENTS:

- High School Diploma or equivalent
- 0 to 25 years of experience as an Inspector on construction projects. Open to various levels of experience
- Valid driver's license and the use of a vehicle
- Excellent verbal and written communications skills
- Proficient using Computer (i.e. MS Word, Excel, Outlook, etc.)
- Drafting skills are essential

Sci-Tek offers competitive compensation including health benefits and 401K Profit Sharing Plan and is an equal opportunity employer that seeks to be a premier provider of innovative, value-added solutions to its clients' many challenges through the application of civil, survey, geotechnical, and environmental engineering.
