

**Position:** Civil Engineer

**Project Location:** Pittsburgh, PA, Philadelphia, PA

**Status:** Full-Time

**Compensation:** Based on experience

Sci-Tek Consultants, Inc., a civil engineering and surveying firm, seeks to hire a Civil Engineer to support our Pittsburgh and Philadelphia offices due to continued growth. The selected candidate will perform a wide variety of duties to support assigned projects including geotechnical engineering and analysis, supervision of field investigations, report writing, and general engineering support for design projects.

### **Required Skills/Experience**

- Bachelor's Degree in Civil/Geotechnical Engineering
- 2+ years' experience in geotechnical engineering, or master's degree with at least 1 years' experience including subsurface investigations, slope stability, settlement, and subsidence analyses; and design of retaining walls, foundations and small civil structures.
- Excellent written and verbal communication skills.
- Proficiency in using Microsoft Office applications.

*Sci-Tek offers competitive compensation including health benefits and a 401K Savings Plan, and is an equal opportunity employer that seeks to be a premier provider of innovative, value-added solutions to our clients' many challenges through the application of civil, geotechnical, and environmental engineering, and surveying.*
