

Position: Civil Engineer or Associate

Project Location: Pittsburgh, PA

Status: Full-Time (exempt)

Compensation: Based on Experience

Sci-Tek Consultants, Inc., a civil, environmental, and geotechnical engineering and surveying firm is seeking a Civil Engineer or Associate to support site design projects. The successful candidate will be expected to perform a wide variety of duties to support assigned projects, including Autodesk Civil 3D design tasks. Other tasks the candidate will be expected to perform: grading design, utility coordination and design, stormwater analysis and design, erosion and sedimentation design and permitting, and report writing.

Required Skills/Experience

- Bachelor's degree in Civil Engineering
- Experience with a civil engineering consulting firm
- Proficiency with AutoCAD Civil 3D or MicroStation
- Knowledge of HydroCAD, TR-55, and Storm and Sanitary Analysis (SSA) and storm sewer design software
- Strong writing and verbal communication skills
- Ability to work within a fast-paced team environment

Sci-Tek offers competitive compensation including health benefits and 401K Profit Sharing Plan and is an equal opportunity employer that seeks to be a premier provider of innovative, value-added solutions to its clients' many challenges through the application of civil, geotechnical, and environmental engineering and surveying.
